

## RSSL Roadshow

### Resolving Product Contamination Issues

8 June 2010 – Leeds

A **FREE** seminar for the Food, Drink and Related Industries

A unique opportunity to learn more about techniques available through RSSL for resolving product contamination incidents including:

- Customer complaints
- Manufacturing problems
- Threats and extortion
- Counterfeit products

## Resolving Product Contamination Issues

**RSSL operates Europe's most comprehensive, independent and rapid service for resolving product contamination issues.**

On **8 June** we will be hosting an event to showcase our services to the food industry.

The seminar will focus on the issues related to product contamination and provide a valuable insight into the benefits of analysis. In just one morning you will acquire an overview of the resources and scientific techniques available to enable you to respond to incidents and reduce risk to your business including:

- Identification of taints
- Screening for toxic materials, impurities and contaminants
- Foreign material identification
- Forensic examination for evidence of tampering
- Rapid independent assessment of risks to customers
- Allergen analysis and control

During and after lunch you will have the opportunity to meet fellow industry professionals and share ideas.

# Book early to guarantee your place.
