RSSL Pharma Training

Course Calendar 2011

Established in 1998, RSSL Pharma Training has an enviable reputation as a provider of high quality industry specific programmes. Held at our dedicated training facility in Reading, each course is led by industry experts selected for their in-depth and practical knowledge of the subject matter. Bringing together current and future thinking with the latest problem based learning ensures that you leave with a pragmatic understanding of the subject, and are able to put it into practice in the workplace.

All prices are exclusive of VAT, which will be charged at the standard rate. Information is correct at the time of going to print. RSSL reserve the right to make any changes that become necessary.

Early Bird Discount

We offer a special discount throughout the year for bookings made more than 8 weeks in advance. The 'Early Bird' discount is worth 10% off the prices shown in this calendar and represents a fantastic saving for delegates able to book ahead.

In-House Training at Your Site

All of the courses on our 'open' schedule can be run for you on site or at another location of your choice, which means that:

- A number of staff can be trained at the same time, saving on individual course fees and ensuring a consistent message
- There are no employee travel and accommodation costs
- By tailoring the course, you only pay for the level of content and degree of expertise required for your particular needs, and nothing else
- You have the opportunity to continuously relate issues to your own company situation

In addition to our open programme, our far-reaching base of industry specialist tutors and consultants means that we can design and run courses for you on a much wider range of topics, including:

- **Preparing for a Regulatory Inspection**
- **ICH Q8, ICH Q9 and ICH Q10**
- **Stability**
- **Practical Analytical Method Validation**
- **GMP for Engineers and Field Engineers**
- **Refresher GMP Training**
- **Raw Materials**
- **Hazard Management using HACCP**
