Early Bird Discount

We offer a special discount throughout the year for bookings made more than 8 weeks in advance. The 'Early Bird' discount is worth 10% off the prices shown in this calendar and represents a fantastic saving for delegates able to book ahead.

In-House Training at Your Site

All of the courses on our 'open' schedule can be run for you on site or at another location of your choice, which means that:

- A number of staff can be trained at the same time, saving on individual course fees and ensuring a consistent message
- There are no employee travel and accommodation costs
- By tailoring the course, you only pay for the level of content and degree of expertise required for your particular needs, and nothing else
- You have the opportunity to continuously relate issues to your own company situation

In addition to our open programme, our far-reaching base of industry specialist tutors and consultants means that we can design and run courses for you on a much wider range of topics, including:

- **Preparing for a Regulatory Inspection**
- **ICH Q8, ICH Q9 and ICH Q10**
- **Stability**
- **Practical Analytical Method Validation**
- **GMP for Engineers and Field Engineers**
- **Refresher GMP Training**
- **Raw Materials**
- **Hazard Management using HACCP**
